### Instructions for the parallel sessions

The seminar rooms are equipped with a laptop, a projector, and a screen. All **presenters** should upload their presentations on the laptop of the seminar room before the start of the session. Presenters have a maximum of 20 minutes for presentation, followed by three to a maximum of five minutes for comments from the discussant and three to five minutes for general discussion.

There is a **discussant** for each presentation. The first presentation is discussed by the second presenter of the session, the second presentation by the third presenter, and the third presentation by the first presenter of the session. In sessions with only two presenters the presenters discuss each other. The discussant is asked to read the paper beforehand and provide feedback or ask questions after the presentation. Papers are available via the following link: <https://itscloud.uni-kassel.de/index.php/s/wyRvzzbz4GECETB>. The last presenter of a session is the **session chair**. The chair is responsible for time management within the session.
