

**PROGRAM**  
**AURÖ-WORKSHOP FOR YOUNG RESEARCHERS: „ENVIRONMENTAL AND RESOURCE ECONOMICS“**

Location: Europa-Universität Viadrina, 15230 Frankfurt (Oder), Große Scharrnstraße 59, Main Building (Hauptgebäude **HG**)

**Instructions for presenters**

The seminar rooms are equipped with a laptop and a beamer. All presenters that have not sent us their presentation beforehand have to upload their presentation on the seminar room's laptop before the start of the session.

Presenters will have 20 minutes for presentations followed by 3-5 minutes for comments from the discussant and 3-5 min for a general discussion. There will be a **session's chair (marked with an asterisk)** who is responsible for time management. **The discussant is asked to read the paper beforehand.**

**Sunday: Welcome reception 18.00 at Bar Lucca, Logenstr. 13A, 15230 Frankfurt (Oder)**

<b>Monday</b>			<b>Theory I (HG 217)</b>			
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
09.15 -- 09.45	Does the market reward corporate social responsibility?	König (Kassel)	Huwe	Coordinating to avoid the catastrophe	Bühl (Hagen)	Geiger
09.50 – 10.20	Can machine learning improve upon ad hoc variable selection?	Huwe* (Mannheim)	König	Preference functions for Knightian uncertainty	Mittelstaedt (Freiburg)	Bühl
10.25 – 10.55				Managing the spatial externalities of RES deployment: Uniformity vs. Differentiated regulation	Geiger* (Leipzig)	Mittelstaedt
10.55 – 11.30	Coffee Break (HG 110)					

<b>Empirics II (HG 104)</b>				<b>Theory II (HG 217)</b>		
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
11.30 – 12.00	International transfer of climate-change adaptation technologies	Stoever (Kiel)	Holub	Coalition formation with border carbon adjustment	Schopf (Hagen)	Hecht
12.05 – 12.35	The effect of air quality regulation on consumption behavior	Holub* (Mannheim)	Stoever	The role of border adjustments in international carbon price competition	Hecht* (Frankfurt)	Schopf
12.35 – 14.00	Lunch					

<b>Experiments I (HG 104)</b>				<b>Theory III (HG 217)</b>		
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
14.00 – 14.30	Religious identity and pro-environmental choices	Engler (Kassel)	Bartels	Intertemporal responsibility for regime shifts in ecosystems with stochastic dynamics	Stecher (Freiburg)	Vogt
14.35 – 15.05	The impact of payments on game behavior and social learning	Bartels* (Mannheim)	Engler	Strategic delegation in the formation of international environmental agreements	Spycher (Bern)	Stecher
15.10 – 15.40				Buy coal, tax gas!	Vogt* (Berlin)	Spycher
15.40 – 16.15	Coffee Break (HG 110)					

<b>Experiments II (HG 104)</b>				<b>Empirics III (HG 217)</b>		
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
16.15 – 16.45	Cooperation and strategy choice in the infinitely repeated prisoners' dilemma when players can cheat	Lumkowsky (Kassel)	Alt	The role of innovation in reducing South Korea's energy intensity	Hille (Leipzig)	Rottner
16.50 – 17.20	The cost of intrinsic motivation – Policy interventions and their effects on behavioral spillovers	Alt* (Mannheim)	Lumkowsky	The effect of network charges on German manufacturing plants	Rottner* (Mannheim)	Hille
17.30 – 20.00	Dinner (GD VIP Mensa)					
<b>Tuesday Empirics IV (HG 104)</b>				<b>Theory IV (HG 217)</b>		
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
09.15 – 09.45	Empirical study on stakeholder preferences – Eliciting aversion against Knightian uncertainty	Schroettke (Freiburg)	Reutter	Demand- versus supply-side climate policies with a carbon dioxide ceiling	Kollenbach (Hagen)	Kraft
09.50 – 10.20	Minimum distance for wind turbines: A Robustness analysis of policies for a sustainable wind power deployment	Reutter* (Leipzig)	Schroettke	Optimal environmental policy in the presence of a heterogeneous industry	Kraft* (Frankfurt)	Kollenbach
10.20 – 11.00	Coffee Break (HG 162)					

	<b>Empirics V (HG 104)</b>			<b>Experiments III (HG 217)</b>		
Time	Agenda	Speaker	Discussant	Agenda	Speaker	Discussant
11.00 – 11.30	Habitually green: Integrating the concept of habit into the design of pro-environmental interventions at the workplace	Michalek (Leipzig)	Ratzke	“You can control you”: A study on the causal dynamics between the locus of control and pro-environmental choices	Simixhiu (Kassel)	Bos
11.35 – 12.05	Revealing preferences for floral and bird biodiversity in an urban context	Ratzke* (Hamburg)	Michalek	Incentivizing green consumption: Evidence from an online retailer	Bos* (Hamburg)	Simixhiu
